Alison—THE HISTORY OF EUROPE.

FROM THE COMMENCEMENT OF THE FRENCH REVOLUTION IN 1789 TO THE BATTLE OF WATERLOO. By SIR ARCHIBALD ALISON, BART., D.C.L. Library Edition, 14 vols. demy 8vo, with Portraits and a copious Index, £10, 10s.

On Large Paper, 14 vols., £14, 14s.

Crown 8vo Edition, 20 vols., £6.

PEOPLE'S EDITION, 12 vols., closely printed in double columns, £2, 8s.; and Index Volume, 3s.

"There is no book extant that treats so well of the period to the illustration of which Mr Alison's labours have been devoted. It exhibits great knowledge, patient research, indefatigable industry, and vast power."—*Times*.

"A valuable addition to European literature, evidently compiled with the utmost care, and its narration, so far as we can judge, not perverted by the slightest partiality."—*Edinburgh Review*.

"One of the most important works which literature has produced. His sources of information and authorities are of the richest and most comprehensive description. Though his opinions are on the Conservative side, he allows every party to speak for itself, and unfolds with a master's hand how far institutions make nations great, and mighty, and prosperous."—*Preface to the German Translation*.

Aytoun—**LAYS OF THE SCOTTISH CAVALIERS, AND OTHER POEMS.** By W. EDMONDSTOUNE AYTOUN, D.C.L.,
Professor of Rhetoric and Belles-Lettres in the University of Edinburgh.
Twenty-second Edition. Fcap. 8vo, 7s. 6d.

"Mr Aytoun's 'Lays' are truly beautiful, and are perfect poems of their class, pregnant with fire, with patriotic ardour, with loyal zeal, with exquisite pathos, with noble passion. Who can hear the opening lines descriptive of Edinburgh after the great battle of Flodden, and not feel that the minstrel's soul has caught the genuine inspiration?"—*Morning Post*.

"Professor Aytoun's 'Lays of the Scottish Cavaliers'—a volume of verse which shows that Scotland has yet a poet. Full of the true fire, it now stirs and swells like a trumpet-note—now sinks in cadences sad and wild as the wail of a Highland dirge."—*Quarterly Review*.

Aytoun—LAYS OF THE SCOTTISH CAVALIERS.

An Illustrated Edition. From designs by SIR J. NOEL PATON and W. H. PATON, R.S.A. Engraved by John Thomson, W. J. Linton, W. Thomas, Whympet, Cooper, Green, Dalziel, Evans, &c. In small quarto, printed on toned paper, bound in gilt cloth, 21s.

"The artists have excelled themselves in the engravings which they have furnished. Seizing the spirit of Mr Aytoun's 'Ballads' as perhaps none but Scotchmen could have seized it, they have thrown their whole strength into the work with a heartiness which others would do well to imitate. Whoever there may be that does not know these 'Lays' we recommend at once to make their acquaintance in this edition, wherein author and artist illustrate each other as kindred spirits should."—*Strasford*.

BOTHWELL: A POEM.

By the SAME. Third Edition. Fcap. 8vo, 7s. 6d.

"A noble poem, healthy in tone and purely English in language, and closely linked to the historical traditions of his native country."—*John Bull*.

"Professor Aytoun has produced a fine poem and an able argument, and 'Bothwell' will assuredly take its stand among the classics of Scottish Literature."—*The Press*.

THE BALLADS OF SCOTLAND.

Edited by the SAME. Fourth Edition. 2 vols. fcap. 8vo, 12s.

"No country can boast of a richer collection of Ballads than Scotland, and no Editor for these Ballads could be found more accomplished than Professor Aytoun. He has sent forth two beautiful volumes which range with Percy's 'Reliques'—which, for completeness and accuracy, leave little to be desired—which must henceforth be considered as the standard edition of the Scottish Ballads, and which we commend as a model to any among ourselves who may think of doing like service to the English Ballads."—*The Times*.

FIRMILIAN, OR THE STUDENT OF BADAJOS.

A Spasmodic Tragedy. By T. PERCY JONES (by the Same). In small 8vo, 5s.

"Humour of a kind most rare at all times, and especially in the present day, runs through every page; and passages of true poetry and delicious versification prevent the continual play of sarcasm from becoming tedious."—*Literary Gazette*.

"Nous en avons assez dit pour faire comprendre tout l'attrait que présente un pareil livre. En le lisant les Anglais apprendront à mieux nous juger; nous apprendrons, nous, à mieux nous connaître."—*Journal de Paris*.

"This is a work of singular knowledge, written by a man possessing rare powers of observation and social tact. That the writer has resided long in France, the most superficial glance into the book will make clear; for, whatever the passing traveller can do, he cannot attain to such result of clear picture, vivid contrast, and firm hold on general causes as we have here."—*Britissh Quarterly Review*.

"'French Home Life' is so rich in suggestive remarks and interesting details, it is so full of the knowledge derived from practical experience, that the reviewer is tempted, as the reader probably will be, to linger over its pages. A book like this is fruitful of thought and comment, and the kindly spirit that pervades it is worthy of all praise."—*Spectator*.

Compiled from the Private Journals of GENERAL SIR HOPE GRANT, G.C.B.; together with some Explanatory Chapters by CAPTAIN HENRY KNOLLYS, R.A., Author of 'From Sedan to Saarbrück.' Crown 8vo, with Map and Plans, 12s.

"His life during that period seems to have been one of halibreadth escapes, described, let us say at once, in a simple unaffected manner, as far removed from self-conscious bashfulness as from the swagger which even brave men sometimes exhibit, and which cannot but convey to the reader a very strong impression of the narrator's personal gallantry, and of his modest, straightforward, and kindly disposition."—*Saturday Review*.

"The book is delightful reading, and the stern interest of its subject is brightened by a pleasant style and a most fascinating variety of incident."—*Full Mail Gazette*.

"The journal which forms the bulk of the present volume was written day by day as the events happened, and written in a clear, unaffected style, lit up by a kindly, chivalrous spirit, which goes straight to the reader's heart. OR, MIND, MATTER, AND LANGUAGE AS THE NECESSARY ELEMENTS OF THINKING AND REASONING. By JAMES HAIG, M.A. Crown 8vo, 12s.

"The book is in reality a popular exposition of philosophy and philosophical systems expressed in the clearest language. . . . The author occasionally displays considerable originality and ingenuity in his investigations. . . . He seems to suggest that philosophy and theology should go hand in hand. . . . Here we must take leave of this sturdy thinker with some admiration of his bold ideas and careful research. . . . The general reader will gather with little trouble from his pages some of the flowers of philosophical literature."—*Examiner*.

Its truth is of that simple and startling character which is sure of an immortal existence; nor is it paying the gallant author too high a compliment to class this masterpiece of military history with the most precious of those classic records which have been bequeathed to us by the great writers of antiquity who took part in the wars they have described."—*The Press*.**— WELLINGTON'S CAREER;**

Hay—MYSIE'S PARDON.

A NOVEL FROM AUSTRALIA. By JAMES WALKER HAY. 3 vols. crown 8vo, £1, 5s. 6d.

"The novel from Australia is clever and interesting, though it is probably more attractive to us through its facts than its fiction. The story is ably constructed, and all the characters are well sustained, while the author may fairly claim the credit of originality of design."—*Spectator*.

"'Mysie's Pardon' is an admirable picture of colonial human nature, which, in its social aspects, does not greatly differ from human nature at home. Mr Hay is a quick and intelligent observer; he has considerable literary tact and experience, and a keen sense of humour. . . . The book ends happily, and the reader will lay it down with regret at parting with so lively and entertaining a companion."—*Daily News*.

"The whole picture has a substance and a solidity about it which can hardly have been derived from any other source than fact. . . . It is not, however, merely as a colonial picture that 'Mysie's Pardon' is to be recommended. It is also a capital novel, both in plot and characters. Mysie herself is excellently drawn."—*Guardian*.

Johnston—THE ROYAL ATLAS OF MODERN GEOGRAPHY.

In a Series of entirely Original and Authentic Maps. By A. KEITH JOHNSTON, F.R.S.E., F.R.G.S., Author of the 'Physical Atlas,' &c. With a complete Index of easy reference to each Map, comprising nearly 150,000 Places contained in this Atlas. A New Edition. Imperial folio, half-bound in Russia or Morocco, £5, 15s. 6d.; or with General Index in a separate volume, 8vo, both half-bound Morocco, £6, 10s. Dedicated by special permission to Her Majesty.

"Of the many noble atlases prepared by Mr Johnston and published by Messrs Blackwood & Sons, this Royal Atlas will be the most useful to the public, and will deserve to be the most popular."—*Athenaeum*.

"We know no series of maps which we can more warmly recommend. The accuracy, wherever we have attempted to put it to the test, is really astonishing."—*Saturday Review*.

"The minimization of all attempts to depict the face of the world appears in the Royal Atlas, than which it is impossible to conceive anything more perfect."—*Morning Herald*.

"This is, beyond question, the most splendid and luxurious, as well as the most useful and complete, of all existing Atlases."—*Guardian*.

"An almost daily reference to, and comparison of, it with others, since the publication of the first part some two years ago until now, enables us to say, without the slightest hesitation, that this is by far the most complete and authentic atlas that has yet been issued."—*Scotsman*.

THE HANDY ROYAL ATLAS.

45 Maps clearly printed and carefully coloured, with General Index. By the SAME. A New Edition. Imp. 4to, £2, 12s. 6d., half-bound Morocco. Dedicated by permission to H.R.H. the Prince of Wales.

This work has been constructed for the purpose of placing in the hands of the public a useful and thoroughly accurate ATLAS of Maps of Modern Geography, in a convenient form, and at a moderate price. It is based on the 'ROYAL ATLAS,' by the same Author; and, in so far as the scale permits, it comprises many of the excellences which its prototype is acknowledged to possess. The aim has been to make the book strictly what its name implies, a HANDY ATLAS—a valuable substitute for the 'Royal,' where that is too bulky or too expensive to find a place, a needful auxiliary to the junior branches of families, and a *vade mecum* to the tutor and the pupil-teacher.

"This is Mr Keith Johnston's admirable Royal Atlas diminished in bulk and scale, so as to be, perhaps, fairly entitled to the name of 'Handy,' but still not so much diminished but what it constitutes an accurate and useful general Atlas for ordinary households."—*Spectator*.

"The 'Handy Atlas' is thoroughly deserving of its name, not only does it contain the latest information, but its size and arrangement render it perfect as a book of reference."—*Standard*.

Johnston—SCHOOL ATLASES.

ATLAS OF GENERAL AND DESCRIPTIVE GEOGRAPHY. By the SAME. A new and Enlarged Edition, suited to the best Text-Books; with Geographical information brought up to the time of publication. 26 Maps, clearly and uniformly printed in Colours, with Index. Imperial 8vo, half-bound, 12s. 6d.

ATLAS OF PHYSICAL GEOGRAPHY, illustrating, in a Series of Original Designs, the Elementary Facts of Geology, Hydrography, Meteorology, and Natural History. By the SAME. A New and Enlarged Edition, containing 4 new Maps and Letterpress. 20 Coloured Maps. Imperial 8vo, half-bound, 12s. 6d.

ATLAS OF ASTRONOMY. By the SAME. A New and Enlarged Edition. 21 Coloured Plates. With an Elementary Survey of the Heavens, designed as an accompaniment to this Atlas by ROBERT GRANT, LL.D., &c., Professor of Astronomy and Director of the Observatory in the University of Glasgow. Imperial 8vo, half-bound, 12s. 6d.

ATLAS OF CLASSICAL GEOGRAPHY. By the SAME. A New and Enlarged Edition. Constructed from the best materials, and embodying the results of the most recent Investigations, accompanied by a complete Index of Places, in which the proper quantities are given by T. HARVEY and E. WORSLEY, MM.A., Oxon. 21 Coloured Maps. Imperial 8vo, half-bound, 12s. 6d.

"This edition is so much enlarged and improved as to be virtually a new work, surpassing everything else of the kind extant, both in utility and beauty."—*Athenæum*.

ELEMENTARY ATLAS OF GENERAL AND DESCRIPTIVE GEOGRAPHY, for the Use of Junior Classes. By the SAME. Including a Map of Canaan and Palestine, with General Index. 8vo, half-bound, 5s.

"They are as superior to all School Atlases within our knowledge, as were the larger works of the same author in advance of those that preceded them."—*Educational Times*.

"Decidedly the best School Atlases we have ever seen."—*English Journal of Education*.

"The plan of these Atlases is admirable, and the excellence of the plan is rivalled by the beauty of the execution. . . . The best security for the accuracy and substantial value of a School Atlas is to have it from the hands of a man like our author, who has perfected his skill by the execution of much larger works, and gained a character which he will be careful not to jeopardise by attaching his name to anything that is crude, slovenly, or superficial."—*Scotsman*.

— FAIR TO SEE.

A Novel. By the SAME. New Edition, in 1 vol. post 8vo, 6s.

"But politics are the smallest part of this very readable novel, the interest of which never flags, for the story is as full of 'situations' as a good play."—*Times*.

"'Fair to See' is something better than a clever novel. It shows no little artistic power: and as you read it you feel that there is much more in the book than at first you fancied. . . . The scenes on the moors, in the barnecks, and the hall-rooms, are all dashed off by an expert. These are minor merits, but they go far towards assuring the success of a story which marks a decided advance on the author's first novel."—*Full Mouth Gazette*.

The whole charm of the presentment of the volume consists in its handiness, and the tempting clearness and beauty of the type, which almost converts into a pleasure the mere act of following the printer's lines, and leaves the author's mind free to exert its unobstructed force upon the reader."—*Examiner*.

By LORD MACKENZIE, one of the Judges of the Court of Session in Scotland. Second Edition, 8vo, 12s.

"We know not in the English language where else to look for a history of the Roman Law so clear, and at the same time so short. More improving reading, both for the general student and for the lawyer, we cannot well imagine: and there are few, even among learned professional men, who will not gather some novel information from Lord Mackenzie's simple pages."—*London Review*.

"This is, in many respects, one of the most interesting works that the legal press has issued in our time. . . . The explanation of the Roman Law, historical and expository—the 'Studies'—is admirably given, clear and simple, and yet very learned, and the whole work is conceived in a candid and liberal spirit, being, besides, distinguished by a calmness of tone eminently befitting the judicial pen."—*Law Magazine and Review*.

"We feel assured that the present work, by the well-condensed information it contains, by the bonnet translation of the Gaelic it gives, by the mere weight of its fair statements of fact, will do more to vindicate the authenticity of Ossian's Bard from the pompous ignorance of Johnson, the envious spite of Pinkerton, the cold incredulity of Laing, and even the self-asserting vanity of Macpherson, than any champion that has yet appeared."—*Glasgow Mail*.

If instead of constantly cramming them with unwholesome food, they would follow the directions given in the pages before us, not only would the mortality be less, but the appearance and even the dispositions of their pets would be marvellously improved."—*Land and Water*.

"The work is faithfully and intelligibly executed; and it is of importance that the work of one who was once himself a Prussian Officer, and who is confessedly one of the first military critics of the day, should be placed ready at hand for the perusal and consultation of that great mass of Englishmen who do not read German works in the original."—*Saturday Review*.

"In the 'Great Governing Families of England' we have a really meritorious compilation. The spirit in which it is conceived, the care expended on the collection and arrangement of the material out of which the various memoirs are fashioned, and the vigorous and sometimes picturesque statement which relieves the drier narrative portions, place it high above the ordinary range of biographical reference books."—*Fortnightly Review*.

—ESSAYS ON SOCIAL SUBJECTS.

Originally published in the 'Saturday Review.' A New Edition. First and Second Series. 2 vols. crown 8vo, 6s. each.

"Two remarkable volumes of occasional papers, far above the average of such miscellanies. They are the production of a keen and kindly observer of men and manners, and they display a subtle analysis of character, as well as a breadth of observation, which are remarkable. With much of occasional force, these Essays have sufficient solidity to make a book; and while they recall the wit of Montaigne and the playfulness of Addison, they are animated by a better moral tone, and cover a larger range of experience."—*Christian Remembrancer*.

SONGS AND VERSES:

Social and Scientific. By an old Contributor to 'Maga.' A new Edition, with Music of some of the Songs. Fcap. 8vo, 3s. 6d.

"The productions thrown off by this eccentric muse have all the merit of originality and variety. He has written songs, not essays—such a hotch-potch of science and humour, jest and literature, gossip and criticism, as might have been served at the Noctes Ambrosianæ in the blue parlour at Ambrose's."—*Saturday Review*.

Southey—POETICAL WORKS OF CAROLINE BOWLES

SOUTHEY. Fcap. 8vo, 5s.

"In one of these well-bound, neatly-printed, toned paper editions, in turning out which our leading publishers so laudably vie with each other, Messrs Blackwood have gathered up the precious remains of Caroline Bowles Southey. We call them precious advisedly, because they illustrate a style of authorship which is somewhat out of date, and has been superseded by colder styles neither so natural nor so attractive to cultivated tastes. Caroline Bowles was nursed, so to speak, in the school of nature, taught with all the fostering care of home influence, and allowed to ripen in intellect and fancy amidst the varied charms of a country life."—*The Churchman*.

"We do not remember any recent author whose poetry is so unmixedly native; and this English complexion constitutes one of its characteristic charms. No purer model of our genuine home feeling and language."—*Quarterly Review*.

"A monument of perseverance, courage, and temper displayed under difficulties which have perhaps never been equalled."—*Times*.

"It is, however, a great story that is thus plainly told; a story of which nearly all the interest lies in the strange facts related, and, more than all, in the crowning fact that it frees us in a large degree from a geographical puzzle, which had excited the curiosity of mankind—of the most illustrious emperors and communities—from very early times."—*Athenæum*.

WHAT LED TO THE DISCOVERY OF THE NILE SOURCE.

By the SAME. 8vo, with Maps, &c., 14s.

Story—GRAFFITI D'ITALIA.

By W. W. STORY, Author of 'Roba di Roma.' Fcap. 8vo, 7s. 6d.

"As a sculptor's sketches in a kind of poetic neutral tint, they are of great value, quite apart from their intrinsic value as poems."—*Athenæum*.

"In the present volume he has translated the marble for us into poetry. Goethe used to say that sculpture was the most perfect of all the arts. And in a certain high transcendental sense he is perfectly right. Those who are interested in the question should certainly study the Cleopatra of Story in marble, and the Cleopatra, as we find her translated in the present volume into verse."—*Westminster Review*.

STELLA AND OTHER POEMS.

"Every step in Scotland is historical; the shades of the dead arise on every side; the very rocks breathe. "The Rev. C. Swainson has compiled a work on weather-lore such as we have long desired to see. He has performed his work well. Like all good work, it has evidently been a labour of love. Mr Swainson brings many qualifications for his task. He is a scholar, and possesses the tastes of a scholar. He does not confine himself to the weather-lore of England. He flings a wide net; he has gathered from the best sources. He has laid the principal European works on the subject under contribution. The result is a book which ought to find a place in every library."—*Westminster Review*.

"Enough has been said to illustrate the wealth of the mine which Mr Swainson has opened in the first part of his volume. The second part is not a whit less rich and interesting."—*Saturday Review*.

"Mr Swainson has produced a very curious and interesting book."—*Standard*.

Swayne—LAKE VICTORIA.

"We may congratulate Mr Cranstoun on having occupied a place for which his poetical skill, no less than his manifest classical training and acquirements, abundantly fits him."—*Saturday Review*.

"He comes nearer the originals than any of his predecessors that we are acquainted with. The notes are scholarly and really illustrative."—*Examiner*.

"By far the best of the few versions we have of this sweet and graceful poet."—*Standard*

TOM CRINGLE'S LOG.

A New Edition, with Illustrations. Crown 8vo, 6s.

"Everybody who has failed to read 'Tom Cringle's Log' should do so at once. The 'Quarterly Review' went so far as to say that the papers composing it, when it first appeared in 'Blackwood,' were the most brilliant series of the time, and that time one unrivalled for the number of famous magistrates existing in it. Coleridge says in his 'Talisman' that the Log is most excellent: and these verdicts have been ratified by generations of men and boys, and by the manifestation of Continental approval, which is shown, by repeated translations. The engravings illustrating the present issue are excellent."—*Standard*.

Virgil—THE ÆNEID OF VIRGIL.

Translated in English Blank Verse by G. K. RICKARDS, M.A., and LORD RAVENSWORTH. 2 vols. fcap. 8vo, 10s.

"Mr Rickards has done good service to the non-classical public by the faithful and beautiful version of Virgil's *Æneid* now before us, and he has enhanced the boon by a preface of special value, as setting forth fairly and conclusively the respective merits of previous translations, and the special qualities of Virgil as a poet."—*Standard*.

"Lord Ravensworth's success and strength are to be found, not so much in his verbal force as in the Virgilian spirit which breathes throughout his lines. No English reader can well miss their poetical grace and vigour; no scholar will deem unfaithful the clean cut, decisive lines of this masterly version."—*Evening Standard*.

"In addition to a good deal of information respecting China and its recent history, this volume contains an interesting account of a brilliant passage in the military career of an English officer of remarkable promise, and of the important results of his skill and heroism. . . . It brings out clearly the eminent qualities of Colonel Gordon, his intrepidity and resources as a military leader, his rare aptitude for a difficult command, his dauntless courage, calmness, and prudence, his lofty character and unsullied honour."—*Times*.

THEOLOGICAL WORKS.

Caird—SERMONS.

By JOHN CAIRD, D.D., Principal of the University of Glasgow. Thirtieth Thousand. Fcap. 8vo, 5s.

"They are noble sermons; and we are not sure but that, with the cultivated reader, they will gain rather than lose by being read, not heard. There is a thoughtfulness and depth about them which can hardly be appreciated, unless when they are studied at leisure; and there are so many sentences so felicitously expressed that we should grudge being hurried away from them by a rapid speaker, not being allowed to enjoy them a second time."—*Frederic's Magazine*.

Cotterill—THE GENESIS OF THE CHURCH.

By the RIGHT REV. HENRY COTTERILL, D.D., Bishop of Edinburgh. Demy 8vo, 16s.

"In Dr Cotterill's volume a book of great ability has been presented to the world."—*Edinburgh Courier*.

"His book breathes the spirit and is stamped with the character of the present age. It requires, and will amply repay, the most careful and attentive reading; and it is likely to carry conviction to many a mind which has been merely repelled by the ordinary quoting of texts or appeals to Church History to prove the existence of the three Orders, and the necessity of the apostolical succession."—*Literary Churchman*.

"It is a very able book, and has the high merit in our eyes of appealing directly to New Testament authority; its separate expositions and arguments are acute in perception, moderate in position, and candid in spirit."—*British Quarterly Review*.

Crawford—THE FATHERHOOD OF GOD:

Considered in its General and Special Aspects, and particularly in relation to the Atonement; with a Review of Recent Speculations on the Subject. By THOMAS J. CRAWFORD, D.D., Professor of Divinity in the University of Edinburgh. Third Edition, revised and enlarged, with a Reply to the Strictures of Dr Candlish. 9s.

"The plan of this work is comprehensive and yet definite. It embodies much original thought, and the author's habits of searching inquiry and careful arrangement stand him in good stead. Whatever difference of opinion there may be on sundry topics, it would be idle to question the great ability shown by the learned Professor. As the subjects treated of have been and are so much discussed, it will be satisfactory to many to receive a book which expounds so fully, and maintains so forcibly, and on a Scriptural basis, the views of one so well qualified to speak."—*Journal of Sacred Literature.*

—— THE DOCTRINE OF HOLY SCRIPTURE RESPECTING THE ATONEMENT. By the SAME. 8vo, 12s.

"This addition to the latest contributions to the elucidation of the doctrine of the atonement must inevitably take a high rank among them. THOMAS LEISHMAN, D.D. Handsomely printed, in imitation of the large editions of Andro Hart, on toned paper, bound in cloth, red edges, 8s. 6d.

"We heartily recommend Mr Sprott's introduction to the 'Book of Common Order' to every one who wishes honestly to get the truth, and the whole truth, about the history, so far as Scotland is concerned, concerning a devotional formulæ which has had so curious a destiny. This introduction is full of learning, used with a candour that deserves all honour. In reading it we cannot find whether the author is a supporter or an opponent of a formulæ of worship—he has undertaken the history of one book of that kind, and he tells it fairly out."—*Academy*.

"It is difficult to estimate too highly the value of such a series as this in giving 'English readers' an insight, exact as far as it goes, into those golden times which are so remote and yet to many of us so close. It is in no wise to be looked upon as a rival to the translations which have at no time been brought forth in greater abundance or in greater excellence than in our own day. On the contrary, we should hope that these little volumes would be in many cases but a kind of stepping-stone to the larger works, and would lead many who otherwise would have remained in ignorance of them to turn to the versions of Conington, Worsley, Derby, or Lytton. In any case a reader would come with far greater knowledge, and therefore with far greater enjoyment, to the complete translation, who had first had the ground broken for him by one of these volumes."—*Saturday Review*.

 "The difficulty of translating English into German may be greatly alleviated by the use of this copious and excellent English-German Dictionary, which specifies the different senses of each English word, and gives suitable German equivalents. It also supplies an abundance of idiomatic phraseology, with many passages from Shakespeare and other authors aptly rendered in German. Proceeding step by step, it advances from the formation of the shortest sentences to the composition of complete essays, the pupil being everywhere furnished with all needful assistance in the way of models and hints. Nobody can work through such a book as this without thoroughly understanding the structure of sentences, and acquiring facility in arranging and expressing his thoughts appropriately. It ought to be extensively used."

OUTLINES OF MODERN GEOGRAPHY.

Fifteenth Edition, revised to the present time. By the SAME. 18mo, pp. 112. 1s.

These 'Outlines'—in many respects an epitome of the 'Elements'—are carefully prepared to meet the wants of beginners. The arrangement is the same as in the Author's larger works. Minute details are avoided, the broad outlines are graphically presented, the accentuation marked, and the most recent changes in political geography exhibited.

Minto—A MANUAL OF ENGLISH PROSE LITERATURE,

Biographical and Critical; designed mainly to show Characteristics of Style. By W. MINTO, M.A. Crown 8vo, 12s. 6d.

"It is a work which all who desire to make a close study of style in English prose will do well to use attentively."—*Standard*.

"Here we do not find the *crasse repetition* of old critical formulae, the simple echoes of superannuated rhetorical dicta, but a close and careful analysis of the main attributes of style, as developed in the work of its greatest masters, stated with remarkable clearness of expression, and arranged upon a plan of most exact method. Nothing can be well conceived more consummate as a matter of skill than the analytical processes of the writer as he lays bare to our view the whole anatomy—even every joint and sinew and artery in the framework—of the sentence he dissects, and as he points out their reciprocal relations, their minute interdependencies."—*School Board Chronicle*.

"An admirable book, well selected and well put together."—*Westminster Review*.

Your book is, I think, excellent—brief but clear; and I look forward to the good effects which it shall produce, in awaking the minds of many who regard Arithmetic as a mere mechanical process."—*Professor Kelland*.

— THE PHILOSOPHY OF GEOLOGY.

A Brief Review of the Aim, Scope, and Character of Geological Inquiry. By the SAME. Fcap. 8vo, 3s. 6d.

"The great value of Mr Page's volume is its suggestive character. The problems he discusses are the highest and most interesting in the science—those on which it most becomes the thinkers and the leaders of the age to make up their minds. The time is now past for geologists to observe silence on these matters, and in this way to depreciate at once the interest and importance of their investigations. It is well to know that, however they may decide, questions of high philosophy are at stake, and therefore we give a hearty welcome to every book which, like Mr Page's, discusses these questions in a fair and liberal spirit."—*Scotsman*.

Stephens—THE BOOK OF THE FARM,

Detailing the Labours of the Farmer, Farm-Steward, Ploughman, Shepherd, Hedger, Farm-Labourer, Field-Worker, and Cattleman. By HENRY STEPHENS, F.R.S.E. Illustrated with Portraits of Animals painted from the life; and with 557 Engravings on Wood, representing the principal Field Operations, Implements, and Animals treated of in the Work. A New and Revised Edition, the third, in great part Rewritten. 2 vols. large 8vo, £2, 10s.

"From its first appearance a quarter of a century ago, until now, 'The Book of the Farm' has held the very highest rank as a book of reference on matters connected with the theory and practice of agriculture. . . . In the new edition before us the author has not been contented to rest upon his oars, or trust the results of half-forgotten labours; but from the mass of notes and criticisms with which he has in the interval kept his knowledge as support with the age, he has rewritten page upon page and chapter after chapter, so that really 'The Book of the Farm' now before us is almost a new work. . . . We can nervously commend this new edition, and we should augur well for the agricultural future of this country if it could find a place on every farmer's bookshelf. It is in its favour that it remains within four covers all the book-learning a farmer need know."—*Saturday Review*, 30th March 1872.
